

# About our Speaker

**Name:** Pooja Sancheti

**Where does s(he) work:** Humanities and Social Sciences Programme, IISER Pune

**What does s(he) do:** I teach English Language and English Literature. My work with science students includes expanding their sense of what science is and how science and society are connected. I also help them with communication skills such as academic writing and presentations because these are very important skills for the functioning of science.

**Where and what did s(he) study:** BA at MS University, Baroda; MA, Mphil, PhD at EFL University, Hyderabad, Fulbright Scholarship at Stanford University, USA

**What are your interests (in your job, and outside):**

I get to read a lot of novels and plays and poetry as part of my job! 😊

I also develop study material on how to speak and write better in English. I sometimes do translations between English and Hindi.

I like solving crosswords, traveling, baking, painting, and clay work.
