

IISER to host day-long science fair on Dec 1

Pune: Sixty school children from Pune and Mumbai will participate in the Indian Science and Engineering Regional Fair (INSEF) on December 1. The day-long event is being organised by Exciting Science Group and will be hosted at the Indian Institute of Science, Education and Research (IISER). The event is being organised by a group of faculty members from CSIR-National Chemical Laboratory (NCL) and IISER, who organise such events to promote science education among students.

Some of the schools short-listed from Pune include Amanora Pearson School, Vikhe Patil Memorial School, St Joseph's Convent, Sri Sri Ravishankar Vidya Mandir, DAV Public School, VK Patil Memorial School. A team has also been shortlisted from Erode in Tamil Nadu. The platform will give an opportunity to students to display their projects. Students from class VII to class X will be presenting projects themed around environment, chemistry, technology, engineering, and others. **ENS**
