

About our Speaker

Name: Julia A. Kornfield

Professor of Chemical Engineering, CalTech, USA.

Julie Kornfield studies polymer properties and develops a molecular understanding of these. Her group works on materials that find a wide variety of uses: from treatments for eye disease to preventing airplane explosions

Professor Julia A. Kornfield

Post-Doc. Max Planck Institute for Polymer Research

Ph.D. Chemical Engineering, Stanford University

M.S. Chemical Engineering, CalTech, 1984

B.S. Chemistry, CalTech, 1983
